About the SPEECH PATHways Foundation

SPEECH PATHways is the only comprehensive pediatric speech-language pathology clinic in Carroll County, Maryland, offering services since 1999. Owner Kimberly A. Bell, M.S., CCC-SLP, has been a speech and language pathologist for over ten years. She and her associates offer a wide variety of specialized pediatric programs in addition to traditional speech and language services. In 2007, Kimberly organized the nonprofit SPEECH PATHways Foundation in 2007 to help provide funding and speech therapy resources for those who might otherwise not be able to afford services. The PPST Group is one of the Foundation's active support services.
