Helping clients reach their fullest potential

Dear Clients:

Carroll County Public School's Inclement Weather Policy for closings and delays may not necessarily be followed for music therapy sessions. Please check directly with your therapist to see if sessions will be held on a particular day by contact through email or phone. Melissa can be reached at 410-452-8115 or 717-968-8001 or via e-mail at www.melissa.ward@musicpathways.net.

Many times roads are cleared by the time sessions may begin, especially evening sessions. We will make every attempt to see your child when deemed safe and appropriate in relation to the weather conditions. This will also be handled on a case-by-case basis for clients traveling from other counties. Please contact me with any further questions.

Sincerely,

Melissa
